

Delridge Playfield Skatepark

Community Meeting #2

Seattle Parks and Recreation invites you and your family to participate in the second of three public meetings to discuss the scope of work for the design of a skatepark at the Delridge Playfield.

The first meeting focused on prioritizing the best location for the skatepark within the Delridge Playfield. In following two meetings design consultant will present proposed site plans and gather ideas from the community.

In June 2006, a host of citizens and city departments, including Seattle Parks and Recreation, the Seattle Department of Transportation, the Port of Seattle, and the Seattle Schools District, nominated 130 sites throughout the city for the Task Force to analyze as potential locations for skate facilities. The Delridge Playfield was selected based on an overall high rating of the criteria and its high level of active use.

We encourage you to come and participate.
