Seattle Public Utilities

Ray Hoffman, Director

# Construction Notice

**September 28, 2012**

## **SPU will be working in the Arbor Heights neighborhood to install new water mains and fire hydrants**

### **Project/Description of work:**

Seattle Public Utilities (SPU) will install about 3,500 feet of new eight-inch water main pipe and add 8 new fire hydrants in Arbor Heights as a part of the Water Main Improvement Project. The first phase of this project will begin on Monday, October 8, and the construction portion is expected to end by mid-December 2012. Street paving will follow in 2013.

### **Benefits:**

When completed, these water-system improvements will increase firefighting capabilities, resulting in all properties in Arbor Heights being within 1,000 feet of a 1,000 gallon per minute fire hydrant.

### **Locations:**

Water mains will be replaced along:

- California Avenue, between SW 98th and SW 100th Streets
- 39th Avenue, between SW 99th and 100th Streets
- SW 102nd Street, between 39th and 44th Avenues SW
- SW 105th Street, between 37th and 39th Avenues SW

The first phase of construction begins on October 8 and will occur on SW 105th Street. Crews will then move from one location to the next to complete the work by mid-December.

### **Dates/Times:**

Construction begins on Monday, October 8, 2012, and crews will work Monday through Thursday, from 7:00 am to 5:30 pm.

### **Impacts Include:**

- Temporary interruption in water services (residents will be notified at least 48 hours in advance, if their water will be temporarily shut off).
- Noise, dust and vibration from equipment used to break, dig and remove concrete during construction hours.
- Parking and traffic restrictions near construction area.
