(To be assigned by Agreement Manager)

Task Amendment No.

Short description of work (Attach scope detail as Attachment 1):

Washington State Patrol agrees to furnish uniformed officers, vehicles and associated equipment to assist Washington State Ferries (WSF) in traffic control operations at or near the Fauntleroy Ferry Terminal. The services will include the following: passenger pick-up / drop-off location enforcement; street parking enforcement; controlling pedestrians and vehicles at intersections and on roadways, including restricted lane situations; and / or providing support during lane or road closures.

Attachment 1 is a WSF developed a Service Schedule for WSP traffic control services at the Fauntleroy Ferry Terminal.

Attachment 1 is hereby incorporated as if fully set forth herein.

Budget and estimate of cost (Describe or attach detailed estimate of cost as Attachment 2):

The budgeted labor cost for this effort is specified on page 1. The WSP rates specified in the Agreement include:
(i) officer OT salary and benefits for actual hours worked, with a minimum two (2) hours OT per officer;
(ii) patrol vehicle mileage, portal-to-portal, at the current WSP mileage reimbursement rate; and
(iii) indirect costs applied against direct costs, charged to WSF under the Agreement at WSP’s current indirect rate.

Note: There is no separate Attachment 2.

Attachment 2 is hereby incorporated as if fully set forth herein.

Special Provisions (Describe or attach any special provision as Attachment 3, if non write N/A):

Unless otherwise agreed upon in writing by the parties: (i) WSF will provide and store traffic cones and signage for the traffic control services; and (ii) WSP will set-up and take down the traffic cones and signage at / near the terminal.

Attachment 3 is a Traffic Control Service Plan for the Fauntleroy Ferry Terminal.

Attachment 3, if any, is hereby incorporated as if fully set forth herein.

All terms and conditions of the Master Agreement are in full effect for this task assignment document.

Approval Signatures - NOTE: Two original signed documents are required.

WASHINGTON STATE FERRIES

TRAFFIC CONTROL SERVICE PLAN
FOR FAUNTLEROY FERRY TERMINAL

October 11, 2019

This is a Traffic Control Service Plan for Washington State Ferries’ (WSF’s) Fauntleroy Ferry Terminal in West Seattle, utilizing Washington State Patrol (WSP) officers pursuant to a Traffic Control Service Agreement between the parties. This Plan is subject to periodic update, as needed.

A WSP officer should obtain a designated radio either in the room between the vehicle tollbooths and restroom, or from one of the vehicle tollbooths. Each officer should obtain a copy of WSF’s seasonal sailing schedule to familiarize themselves with the current schedule.

WSP services at the Fauntleroy Ferry Terminal:

1. Expedite exiting of (ferry off-loading) vehicle traffic onto Fauntleroy Way, so Fauntleroy traffic attendants can then utilize the exit lanes for Vashon Island and Southworth-bound traffic.

2. Assure local traffic movement occurs periodically during the ferry off-loading process.

3. Ensure safe pedestrian movement during the ferry off-loading process, particularly the large volume of students exiting the ferry at approximately 1550.

4. Restrict pick up or drop-off at the Terminal building during the peak times, usually 1300-1900, provided WSF has posted a sign noting such prohibition.

5. Restrict northbound traffic on Fauntleroy Way from turning left into the Terminal during congested periods.

6. Contact Seattle Police Department to ticket and impound vehicles blocking the Terminal holding lanes Monday through Friday, 1400-1900, as posted.

7. Enforce RCW 46.61.735 as it pertains to line cutting.

8. Perform law enforcement duties as required.

9. Provide a visible law enforcement presence at the upper (east) end of the Terminal dock, at the Terminal building and in the vehicle holding lanes.

10. Other traffic control services as the parties may agree upon in advance and in writing.
