**People I would like to thank:**

*I'd like to thank my teammates in the past years for making my experience as an athlete at WS so memorable and giving me a chance to grow as a golfer and also as a team player in general. I'd also like to thank Coach Joel for giving us the best opportunities to perform as a team and for being not only competitive but also supportive. In addition to the on-course experiences, I want to thank the figures that supported me off the course. My teachers were extremely flexible and understanding of the schedule of high school sports and their support in the classroom had helped me maximize my academic success. Lastly, I want to thank my family for the off-course support in going through a consistent schedule of travelling, lessons, and school but being there for my ups and downs as a high schooler.*
