Notice of Application for project 3040867-LU

Seattle Department of Construction and Inspections (Seattle DCI) is currently reviewing the Master Use Permit application described below.

**Project Number:** 3040867-LU

**Address:** 1116 SW HOLDEN ST

**Area:** West Seattle

**Zone:** NR3, LR2 (M)

**Date of Application:** 07/25/2023

**Date Application Deemed Complete:** 08/14/2023

**Applicant Contact:** WITTMAN-ESTES ARCHITECTURE - (206) 735-7170

**SDCI Planner:** SCOTT REYNOLDS - (206) 386-0044

Land Use Application to allow a 2-story institution (community center). Existing building to be demolished. Parking for 20 vehicles proposed.

**Comments may be submitted through:** 09/06/2023

The following approvals are required:

- **Administrative Conditional Use** to allow a community center in a Lowrise Multifamily (LR2 (M)) zone.
- **SEPA Environmental Determination** (This project is subject to the Optional DNS Process (WAC 197-11-355) and Early DNS Process (SMC 25.05.355). This comment period may be the only opportunity to comment on the environmental impacts of this proposal. Other permits that may be needed which are not included in this application:
  - **Building Permit**
  - **Demolition Permit**
  - **Other permits that may be needed which are not included in this application**

Your written comments are encouraged and should be submitted to:

- **www.seattle.gov/project/comment**

Department of Construction & Inspections

ATTN: Public Resource Center

P.O. Box 34019

Seattle, WA 98124-4019

Questions about the projects listed in this bulletin can also be directed to the Public Resource Center at the email and US mail address listed above. To the extent known by the Department, other necessary government approvals or permits not included in the application will also be listed. When a building permit is listed as being necessary, this may include associated electrical, plumbing, mechanical, elevator, and other similar permits.

SDCI is now using the Early Review Determination of Non-significance (DNS) process for all applications requiring a threshold determination when SDCI has reasonable basis to believe that significant adverse impacts are not likely, and the Director expects to issue a DNS for the proposal. The DNS is not final until it is published following consideration of all comments received during the comment period.

The comment period for a project subject to an Early Review DNS may be the only opportunity to submit comment on the environmental impacts of the proposal. Mitigation measures may be imposed on projects subject to the Early Review DNS process after the close of the comment period. SDCI will review any comments and will either issue a DNS followed by an opportunity to appeal, or, if significant environmental impacts are identified, a DS/Scoping notice. Copies of the subsequent threshold determination for the proposal may be obtained upon request or from our electronic library at Seattle Services Portal.

Numbers used in project descriptions are approximations. The final approved plans will control.

**Interpretations**

A formal decision as to the meaning, application or intent of any development regulation in Title 23 (Land Use Code) or Chapter 25.09 (Regulations for Environmentally Critical Areas) is known as an "interpretation". Examples include questions of how structure height or setback is properly measured, or how a proposed use should be categorized.

Interpretation may be requested by any party during the comment period as determined above. The request must be in writing, and accompanied by a $3,940.00 minimum fee payable to the City of Seattle (This fee covers the first ten hours of review. Additional hours will be billed at $394.06.). Interpretations on some issues may also be requested later, during the appeal period, if the project decision is appealed. Failure to request an interpretation for a Type I Land Use decision can preclude raising the issue on appeal to the Hearing Examiner, but will not preclude raising it on appeal directly to Superior Court. Questions regarding the interpretation process may be sent to www.seattle.gov/project/comment (please include "Interpretation Information" in the subject line) or by calling the message line at (206) 684-8467. Requests for interpretation may be submitted to the Seattle Department of Construction and Inspections, Code Interpretation and Implementation Group, 700 5th Av Ste 2000, P.O. Box 34019, Seattle, WA 98124-4019.
If you wish to file written comments and/or receive a notice of the decision, please return this completed form with any written comments you have to: Department of Construction & Inspections, 700 Fifth Ave., Suite 2000, P.O. Box 34019, Seattle, WA 98124-4019 or go to www.seattle.gov/project/comment.
